

# Shankhill C of E Primary School

*Our vision: Creative learning, personal achievement and happiness.*

## 'Maths Facts'

Learning 'Maths Facts' and being able to recall them instantly is a key skill for any child. It is essential that all Year 5 and Year 6's can do this. To help you practice at home, as well as in school, I have found a website full of quick recall games which are specific to these crucial skills.

<http://www.topmarks.co.uk/maths-games/hit-the-button>

Please download this app or save it as a favourite on your pc so that you can play it daily and improve your skills.

Thanks,  
Mrs Batey
