Introduction

This Safeguarding Statement has been developed in accordance with the principles established by the Children Acts 1989 and 2004 and related guidance. This includes the DfE statutory guidance [Keeping Children Safe in Education](#); the DfE [Statutory Framework for Early Years Foundation Stage](#) and [Working Together to Safeguard Children](#). The school will also refer to and follow the guidance and procedures developed by the Cumbria Safeguarding Children Partnership (CSCP).

Because of our close day to day contact with children, education staff have a crucial role to play in helping to promote safety, reduce risks and to identify welfare concerns and indicators of possible abuse and neglect at an early stage.

The Governing Body and staff of Shankhill CE Primary School (hereinafter referred to as 'the school') take seriously our responsibility under Section 175 Education Act 2002 (Section 157 for independent schools) to safeguard and promote the welfare of our pupils, to minimise risk and to work together with other agencies to ensure adequate arrangements are in place within our school to identify, assess, and support those children who are suffering harm and to keep them safe and secure whilst in our care.

Our Statement and supporting Policies and procedures relate to all members of the school community including pupils, staff, Governors, visitors/contractors, volunteers and trainees working within the school. It is fully incorporated into the whole school ethos and is underpinned throughout the teaching of the curriculum, within PHSE and within the safety of the physical environment provided for the pupils.

Definition of safeguarding

The statutory guidance '[Working together to Safeguard Children](#)' defines the term Safeguarding as "protecting children from maltreatment; preventing impairment of children's mental and physical health or development; ensuring that children are growing up in circumstances consistent with the provision of safe and effective care and taking action to enable all children to have the best outcomes".

Safeguarding is not just about protecting children from deliberate harm. It relates to aspects of school life including pupils' health, safety and wellbeing including their mental health; managing behaviour and the use of reasonable force; meeting the needs of pupils with medical conditions; meeting the needs of children who have special educational needs and/or disabilities; providing first aid; educational visits; intimate care and emotional wellbeing; online safety and associated issues; and appropriate arrangements to ensure school security, taking into account the local context.

It includes issues for schools such as neglect; physical abuse; sexual and emotional abuse; face to face, prejudice-based and discriminatory bullying; racial, disability, and homophobic or transphobic abuse; risks linked to using technology and social media, including cyber/online bullying, the risks of being groomed online for exploitation or radicalisation, and risks of accessing and generating inappropriate content e.g. the sharing of nude and/or semi-nude images and/or videos; child on child abuse (such as sexual violence and sexual harassment between children); gender-based violence/violence against women and girls; radicalisation and/or extremist behaviour; children missing education; child sexual exploitation and trafficking; child criminal exploitation including county lines; teenage relationship abuse; substance misuse; issues that may be specific to a local area or population, for example gang activity and youth violence; and particular issues affecting children including domestic violence, homelessness, so-called honour-based abuse (female genital mutilation, forced marriage, breast ironing etc.); fabricated or induced illness and poor parenting, particularly in relation to young children.

This Safeguarding Statement should therefore be read and understood alongside other school Policies and procedures which fall under the safeguarding 'umbrella' as listed at the end of this document. Related Policies and procedures can be found on the school website www.shankhill.cumbria.sch.uk.

All relevant Policies and supporting procedures will be reviewed in accordance with the latest DfE Guidance by the Governing Body (or the persons nominated by them to approve such documents) that has responsibility for oversight of school safeguarding and child protection systems. The Designated Safeguarding Lead (DSL) will ensure regular reporting on safeguarding activity and systems in school to the Governing Body. The Governing Body will not receive details of individual pupil situations or identifying features of families as part of their oversight responsibility. The Chair of Governors will liaise with the Local Authority Designated Officer (LADO) and

partner agencies in the event of a concern/allegation made against the Head teacher or in a situation where there is a conflict of interest in reporting the matter to the Head teacher. There is also a nominated Governor who will take leadership responsibility for the setting's safeguarding arrangements.

Our school is a community and all those directly connected (staff, Governors, volunteers, parents, families and pupils) have an essential role to play in making it safe and secure. We welcome suggestions and comments from all these stakeholders contributing to this process.

Ethos

The School recognises the importance of providing an ethos and environment that will help children to feel safe, secure and respected; encourage them to talk openly; and enable them to feel confident that they will be listened to.

The school will endeavour to support the welfare and safety of all pupils through:

- maintaining children's overall wellbeing as our paramount concern;
- ensuring the content of the curriculum includes social and emotional aspects of learning;
- developing and implementing procedures for tackling bullying (including face to face, prejudice-based, discriminatory and cyberbullying); racist abuse and harassment and ensuring these are included for discussion in the curriculum;
- ensuring that all aspects of child protection are included in the curriculum to help children stay safe; to understand what constitutes a healthy relationship both online and offline and to recognise when they don't feel safe;
- the provision of suitable support and guidance so that pupils have a range of appropriate adults to approach if they are in difficulty;
- promoting a culture and environment of openness, trust and transparency so that both children and staff feel comfortable to discuss matters of concern both within, and where appropriate, outside the school which may have implications for the safeguarding and welfare of children; where pupils can develop a sense of being valued and heard and where opposing issues and ideologies can be discussed in a controlled manner;
- working with parents to build an understanding of the school's responsibility to ensure the welfare of all children including the need for referral to other agencies in some situations;
- ensuring all staff (and, where appropriate, other adults) can recognise the signs and symptoms of abuse through ongoing training and support and are aware of the school's procedures for reporting concerns, lines of communication and whistleblowing procedures;

Partnerships with others

Schools do not operate in isolation. The welfare of children is the corporate responsibility of the entire Local Authority, working in partnership with other public agencies, the voluntary sector and service users and carers. All Local Authority services have an impact on the lives of children and families, and Local Authorities have a particular responsibility towards children and families most at risk of social exclusion.

The school recognises that it is essential to establish positive and effective working relationships with other agencies. Professionals can only work together to safeguard children if there is an exchange of relevant information between them. The school follows LA inter-agency safeguarding procedures (as endorsed by the Cumbria Safeguarding Children Partnership), will work within the [Cumbria SCP Multi-agency Threshold Guidance](#) and has links with the Local Authority, the Integrated Care Board for the area, the local Police, Children's Centres and the Education Social Care Service.

We recognise the importance of information sharing between professionals and local agencies and take account of guidance issued in [Working together to safeguard children](#); [Information sharing: Advice for practitioners providing safeguarding services to children, young people, parents and carers](#) and the Cumbria SCP [Information Sharing Protocol](#).

Where it is believed that a child is suffering from, or is at risk of, significant harm, we will follow the referral procedures as outlined on the Cumbria SCP website and within the **School Child Protection Policy and procedures**. In other cases where the child or family would benefit from early intervention, we will put in place appropriate 'early help' strategies, working with other agencies as appropriate and where necessary.

Training and support

Our school will ensure that the DSL and deputy DSL attend suitable child protection training which is updated every 2 years; all staff including the Head teacher, the designated teacher (looked-after and previously looked-after children), the designated Governor/the Governing Body receive safeguarding and child protection training (including in relation to online safety) at induction (relevant to their roles) which is updated regularly. In addition,

all staff members will receive regular safeguarding and child protection updates (for example, via email, e-bulletins, staff meetings) as required, but at least annually, to provide them with relevant skills and knowledge to safeguard children effectively. All other adults who work in the school and/or with children will undertake appropriate child protection awareness training to equip them to meet their responsibilities for child protection effectively.

The DSL has attended/undertaken Prevent Awareness Training to enable them to provide advice and support to other members of staff on protecting children from the risk of radicalisation and extremism. Other staff to receive this training will be determined through risk assessment.

There is a designated Health and Safety Coordinator in school who has received appropriate training in relation to their role e.g. IOSH Managing Safely in Schools training or similar.

There is a Designated Mental Health Lead in school who is also the DSL will work with the DSL when children are identified with mental health concerns.

Although this is now no longer a legal requirement, in accordance with good practice guidelines, there is also a designated Educational Visits Coordinator who has received training and refresher training in planning and managing off-site visits.

There is a staff training plan in place to ensure all relevant staff receive appropriate training as per legislative requirements and good practice to protect both themselves and children. Designated staff training will include for example health and safety induction; first aid; supporting pupils with medical needs including general awareness training; training in the administration of medication and any training regarding complex medical needs of children (from a medical professional as necessary); asbestos management; fire safety; positive handling; moving and handling; minibus driving; risk assessment; food hygiene; safe use of machinery and other training commensurate with the roles and responsibilities of staff.

Professional confidentiality

Our school has a clear confidentiality statement that forms part of the School Child Protection Policy and procedures which is reviewed annually by the full Governing Body, is discussed with all staff and shared with all working (paid and unpaid) adults within the school.

Safe recruitment and selection

The school pays full regard to the DfE statutory guidance [Keeping Children Safe in Education](#). The Governing Body will deter and prevent people who pose a risk of harm from working with children by adhering to statutory responsibilities to carry out appropriate checks on staff or others who work (paid or unpaid) unsupervised with children, taking proportionate decisions on whether to ask for any checks beyond what is statutorily required and ensuring those without full checks are appropriately supervised. The school has a written Recruitment, Selection and Pre-Employment Vetting Policy and procedures in place. In line with the School Staffing (England) Regulations 2009 the Governing Body ensures that at least one person on any appointment panel has attended safer recruitment training.

Further details can be found in the ***School Child Protection Policy and procedures and the School Recruitment, Selection and Pre-Employment Vetting Policy and procedures.***
